Bandung, West Java, Indonesia

Informatics Management student at Politeknik Praktisi Bandung (5th semester, expected graduation 2027) with hands-on experience as a Fullstack Developer Intern at Ocean Young Guards, where I built an organization profile website, an admin dashboard, and a volunteer registration system using React, Express.js, PostgreSQL, and Tailwind CSS. Developed a web-based voting application that was used in the campus Student Executive Board (BEM) chairperson election. Currently serving as Head of the Communication and Information Division at the Informatics Management Student Association. Eager to contribute to building reliable, user-friendly web applications as a Fullstack Developer.

Work Experience

Ocean Young Guards (Non-Governmental Organization)

Jan 2026 – Jul 2026

Fullstack Developer Intern

- Developed the organization's profile website using React and Tailwind CSS to present its programs, activities, and information to the public.
- Built an admin dashboard that allows the team to manage website content and volunteer data efficiently.
- Designed and implemented a volunteer registration system with a RESTful API using Express.js and a PostgreSQL database, covering online registration, data storage, and applicant management.
- Integrated the frontend and backend through REST APIs, tested endpoints using Postman, and managed source code with Git and GitHub.

Projects

Campus Election Voting Web Application

github.com/Apiii30

Web Developer

- Developed a web-based voting application that was used in the campus Student Executive Board (BEM) chairperson election.
- Built features for displaying candidates, casting votes, and tallying election results.

HIMAMI Website | HTML, CSS, JavaScript

github.com/Apiii30

Web Developer

- Built the official website of the Informatics Management Student Association (HIMAMI) to publish the association's profile, programs, and activity information.

Organizational Experience

Informatics Management Student Association (HIMAMI) – Bandung, Indonesia

2024 – Present

Head of Communication and Information Division (KOMINFO)

- Led the division in managing the association's official Instagram account and publishing information about its activities.
- Designed visual content for the association's activities and events.
- Developed and maintained the association's official website.

Education

Politeknik Praktisi Bandung – Bandung, Indonesia

Sep 2024 – Present

Diploma (D3) in Informatics Management – Currently in 5th Semester
